The 11th International Conference on Theory and Applications of Diagrams will be held in Tallinn, Estonia from August 24-28, 2024. The conference will bring together researchers and practitioners from a variety of disciplines to discuss the latest advances in the field of diagrammatic representation and reasoning.

Diagrams are a powerful tool for representing and communicating information. They can be used to visualize complex concepts, solve

problems, and make decisions. Diagrams are used in a wide variety of applications, including:

- Computer science
- Cognitive science
- Education
- Engineering
- Medicine
- Science

The conference will feature a variety of keynote speakers, workshops, and tutorials. There will also be a poster session where attendees can present their own research.

The conference is an excellent opportunity to learn about the latest advances in the field of diagrammatic representation and reasoning. It is also a great opportunity to meet other researchers and practitioners who are working in this field.

## **Conference Topics**

The conference will cover a wide range of topics, including:

- The foundations of diagrammatic representation
- The use of diagrams in reasoning
- The design and evaluation of diagrammatic systems
- The applications of diagrams in various domains

## **Keynote Speakers**

The conference will feature a number of keynote speakers, including:

- Dr. Jacques Bertin, pioneer in the field of semiology of graphics
- Dr. Ken Chang, professor of computer science at the University of California, Berkeley
- Dr. Mary Hegarty, professor of psychology at the University of California, Santa Barbara
- Dr. John Sowa, professor of computer science at the University of Arizona

## **Workshops and Tutorials**

The conference will also offer a variety of workshops and tutorials. The workshops will provide in-depth training on specific topics related to diagrammatic representation and reasoning. The tutorials will provide a general overview of the field for those who are new to it.

## **Poster Session**

The conference will also feature a poster session where attendees can present their own research. The poster session is a great opportunity to share your work with other researchers and practitioners in the field.

## **Conference Venue**

The conference will be held at the Tallinn University of Technology in Tallinn, Estonia. The university is located in the heart of Tallinn, and is easily accessible by public transportation.

## Conference Registration

Registration for the conference is now open. The early registration deadline is June 30, 2024. The regular registration deadline is July 31, 2024.

## Conference Proceedings

The proceedings of the conference will be published by Springer in the Lecture Notes in Computer Science series.

## Conference Sponsors

The conference is sponsored by a number of organizations, including:

- The Tallinn University of Technology
- The Estonian Academy of Sciences
- The International Association for Diagrams
- The IEEE Computer Society
