

Hot Team: Legendary Season and Heart- Stopping World Series

The 2022 New York Yankees were one of the most dominant teams in recent memory. They won 99 games during the regular season, then swept the Minnesota Twins in the ALDS and the Cleveland Guardians in the

ALCS. In the World Series, they faced off against the Philadelphia Phillies, who had just come off a stunning upset of the Houston Astros.

The World Series was a back-and-forth affair, with both teams trading jobs. The Yankees eventually won in six games, with Aaron Judge hitting a walk-off home run in Game 6 to clinch the title.
