The Power of Discovery: Unlocking the Heart of Your Story

At the core of Smith's framework lies the concept of "Discovery." This is the moment when the protagonist makes a profound realization about themselves, their world, or the situation they face. It's the turning point that drives the plot forward and leads to transformative growth for the characters.

Through seven distinct moments, Smith guides you through the process of mining your own experiences and imagination to uncover the hidden gems that will make your stories resonate deeply with your audience.

The Seven Moments of Discovery

1. **The Inciting Incident:** The event that sets the story in motion and disrupts the protagonist's life.
2. **The Lock In:** A moment of realization where the protagonist commits to a path of discovery, often despite obstacles or dangers.
3. **The Guide:** An encounter with a mentor, ally, or other character who helps the protagonist navigate their journey.
4. **The Test:** A challenge that tests the protagonist's resolve and reveals hidden strengths.
5. **The Revelation:** The moment of profound realization that transforms the protagonist's perspective.
6. **The Epiphany:** A sudden flash of insight that leads to a solution or a shift in understanding.
7. **The Climax:** The culmination of the story, where the protagonist faces their greatest challenge and makes their final realization.
