Growing up, the author had everything she could ever want: a loving family, a supportive community, and a promising future. But when she met Wesley James, her life took a downward spiral. Wesley was everything she had ever dreamed of in a partner, but he was also a master manipulator and a drug addict.

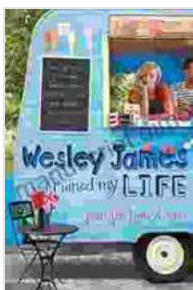

The author's relationship with Wesley was a constant cycle of abuse and addiction. She lost everything: her job, her home, her family, and her friends. She hit rock bottom and found herself living on the streets, desperate and alone.

But even in her darkest moments, the author never gave up hope. She knew that she had to find a way to break free from Wesley's grip and rebuild her life. With the help of therapy, support groups, and the love of her family, she began the long and difficult journey of recovery.
